CORONAVIRUS OUTBREAK

Patients have reported mild to severe respiratory illness.

Symptoms can include:

- Fever
- Cough
- Shortness of breath

*Symptoms may appear 2-14 days after exposure.

Preventing the spread:

- **Wash your hands** thoroughly & often
- Cover your cough or sneeze
- Don't touch your eyes, nose & mouth
- Disinfect surfaces with household cleaning products
- Avoid people who are sick & stay home when you are sick
- The CDC recommends facemasks for people with symptoms & their caregivers
